EXCLUSIONS TO COVERAGE

In addition to all exclusions stated in the Door’s limited warranty, this Supplemental Warranty shall not extend to any damage or defect caused by any alteration, misuse, or modification of the Door or its C-Power Technology, or use of non-OEM parts in maintaining or repairing the Door or its C-Power System. All C-Power Technology components not stated above are excluded from coverage. This Supplemental Warranty may also be voided in Clopay’s discretion in the event repair or replacement of C-Power Technology components is performed by a non-Clopay-approved service provider (please call Clopay Customer Service at 800-277-2576 to confirm). Purchasers of Doors equipped with C-Power Technology acknowledge and accept that Clopay’s performance under this Supplemental Warranty may involve providing an entire replacement section (and not just part or component of a section) that may have small variations in color from the remaining sections of their Door, and that such small variations shall be fully acceptable to them without objection.

This Warranty gives you specific legal rights, and you may also have other rights that vary from state to state.

To the extent of any conflict between this Warranty and any other document, this Warranty shall control. If Warranty is provided in multiple languages, the English language version shall govern.
